London, June 36.—The Pall Mall Gasette and Globe says the British Cabinet
to-day decided upon renewal of the
Anglo-Japanese treaty but that discussion is proceeding on certain modifications that have been suggested. These
have special relation to the American
attitude toward the treaty and the position of India, the newspaper adds.

Decision Not Final.

It was stated at the Foreign Office this evening it was unlikely that the Cabinet had decided upon the renewal of the Anglo-Japanese pact, but that possibly it had made some recommendations to be placed before the Imperial Conference. It was admitted the Cabinet this morning had discussed the Anglo-Japanese treaty.

The Conference of Imperial Premiers devoted another day to the Anglo-Japanese treaty, but at the close of the meeting it was stated that no decision had been reached regarding a renewal of the

Premier Massey of New Zealand concluded his speech in support of renewal of the alliance. He was followed by the Indian delegate, the Maharajah of Kutch, who submitted the Indian viewpoint that there was no objection on India's part to the renewal of the clauses providing that in case of India being attacked japan should come to India's assistance.

This view caused some surprise, but

Japanese notification to the League of Nations of the proposed modification of the treaty does not constitute formal denunciation.

The Times voices a strong protest against the secrecy surrounding the dominions conference and says: "No camarilla of reactionaries plotting darkly against the liberties of people has guarded the secrecy of its proceedings more jealously than the corrivaced disciples of 'open diplomacy' and democratic rights now assembled in Downing street."

Premier Massey's speech embodied Premier Massey's speech embodied mainly the arguments set forth by Premier Hughes of Australia, that the alliance has demonstrated its worth, that Japan, as a faithful ally, must not be given offence, and that while the alliance is a reality, the idea of an understanding with the United States is as yet a dream perhaps incapable of being realized.

Australia and New Zealand occupy a peculiar Pacific position, this giving their spokesmen an especial right to be heard, and there is good reason for believing that the British Government does not care to ignore the representations of Premiers-Hughes and Massey, supported by public opinion in their countries.

British Raid Bolshevist Mission, Arresting 60 Plotters.

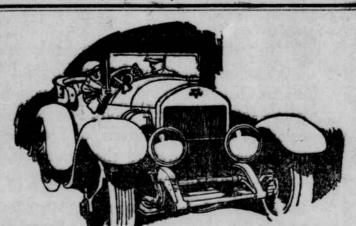

By the Associated Press.

Constantinopiz, June 30.—Turks and Bolsheviki are reported to contemplate a great uprising in this city. Early yesterday morning allied troops, acting under orders from Gen. Harrington, commander of British forces in Constantinopic, raided hotels in search of Bolsheviki. British soldiers entered a building occupied by a Bolshevist organization and seized large quantities of arms. More than sixty prisoners were taken.

taken.

The British also raided the offices of the Bolshevist trade delegation and arrested an assistant of Bronislau Koudish, Soviet commercial delegate here, and other members of the Bolshevist mission. It was announced that this raid was carried out because the presence of Bolsheviki in Constantinople menaced the security of allied troops here. It was asserted that the plot

### That engine noise you can't explain

EVERY sound is music to your ear when the engine runs smoothly and sweetly. But how often a harsh, grating noise, a bird-like squeak or even heavy pounding spoils your trip!

Can you explain this engine noise as it jars on your ear? Poor lubrication causes 90% of engine trouble. Under the terrific heat of the engine 200° to 1000° F.—ordinary oil breaks down and forms great quantities of sediment.

Why have such worries? Sediment is reduced 86% when you use Veedol, the lubricant that resists heat. See the two bottles at the right. With Veedol in the engine, most serious engine troubles are prevented. Have your engine flushed out. Put in Veedol. Leading dealers have it in stock. Ask for a supply today.
